The Lone Star Select Shooting Team

## ***Training Camp & Team Banquet***

Our first team summer Training Camp and Awards Dinner was a success! Each participant worked hard over the three days of camp and were polite and responsive to the guest instructors. Congratulations to all of our award winners, the coaches are so proud of you! Additional pictures from the training camp and banquet are available on the LSSST website.

## Shooter of the Month

Each month, we will recognize a LSSST team member as the Shooter of the Month! Our first Shooter of the Month is Harlee Alexander! Harlee's birthday is April 16, 2007, and she has 2 dogs: Hazel and Harper. Harlee loves hunting, fishing, riding ATVs, and eating ice cream! Her first gun was a Beretta 391, and she now shoots a Blaser F3. She started shooting in September of 2018 and scored a 22 in her first tournament—last month, Harlee won her class in the main at the Buckle Race! Harlee will be a freshman at Huffman Hargrave High School this coming school year.

## Coaching Addition

Please help us welcome new LSSST coach Shyuemin Pang! Shyuemin will be at most practices coaching 3-4 shooters with skeet! Shyuemin began shooting skeet with his son in 2015, and eventually became involved in coaching to assist the Katy 4H team. After starting the Katy Dusters SCTP team, Shyuemin served as their head coach for several years, along with being an SCTP field-day trainer and SCTP state advisor. This fall, he will become an NSSA Level II Instructor. He became hooked on the game of skeet after shooting his first 100-straight at a Buckle Race two years ago, and loves the opportunity it provides to be in shoot-offs with some of the best skeet shooters around. He is excited to continue his coaching journey with the Lone Star Select Shooting Team and all of its very talented shooters and strong coaching staff! **With this, it is important that all team members bring a loaded skeet card to all practices.**

## New Elite Team Member

Congratulations to Landon Johnson, the newest member of the LSSST Elite Team! Landon got to celebrate by having his old hat shot during the Training Camp.

## Perfect 25

Congratulations to Jenna Battles who shot her first perfect 25 in 5-Stand during the Training Camp!

## Lesson Policy

From now on, please schedule your monthly included lesson before scheduling any additional lessons with LSSST coaches. The first lesson you take each month will be considered your included lesson (ex: scheduling a paid lesson with Coach Ron in June, but wanting to "bank" your included June lesson to be with Coach Meagan later in the month is not allowed).

## Monday Practices

Due to low attendance, the **Monday practices will be suspended** until we have more interest.

## New Ear Protection Rule

Starting at the beginning of August, all shooters must wear official ear protection/ear plugs at all practices and competitions. AirPods and similar wireless earbuds will not be allowed due to the questionability of providing adequate hearing protection. This is for the safety and success of all of our shooters.

## World FITASC Championships

For the past week, several Americans and Team USA members have been competing in Budapest, Hungary for the 2021 World FITASC Championships. We are so excited to announce that Coach Meagan has won the title of **2021 Lady World Champion!** Congratulations, Meagan! LSSST is so proud of you and honored to have you as a coach. Next time you see Meagan, be sure to congratulate her on this amazing accomplishment!

## Target Tips

Wanting to win is good, being prepared to win is better. You need to believe in the process before the outcome.
